An overview of our great company

EA Group UK Limited are part of the Electro Automation group of companies. A collaboration of industry leading expertise within the automatic door, access control, electronic security and traffic barrier & gate automation market sectors.

With its Head Office located in Bookham, Surrey, EA Group (UK) Limited provide a comprehensive installation and support service within the automatic door, turnstile, access control, and security market sectors.

Contract administration, project management, technical support and 24 hour, 365-day service is coordinated from Bookham.

We have worked for many years with the police and other government organisations and our engineering staff are both security screened and CRB checked.

To guarantee a quality, affordable solution to our customers, EA Group have formed strong business partnerships with key manufacturers.

To ensure best industry practice, our sales and engineering staff have received a high level of skills training supported by their ADSA accreditation.

EA Group aim to encompass the future requirements of an industry being set continual challenges to provide more modern and energy efficient products which perform to exacting Health and Safety regulations.

We incorporate advanced operating features, multiple safety functions, and energy efficient configurations, to encompass the most demanding criteria for modern building design.

The Company was originally founded in the UK in 1983 to provide high quality automatic gate installation and maintenance in the Home Counties. In 1995 Perimeter Security (EA) Limited was incorporated as part of the Electro

Automation Group of Companies to increase its product portfolio.

To consolidate the multiple disciplines Perimeter Security (EA) Limited changed its name in August 2003, amalgamating two companies into EA Group (UK) Limited.

With the acquisition of Automatic Door Maintenance Limited (ADMI) in July 2007, EA Group (UK) Limited further increased its knowledge and portfolio into the automatic door industry and incorporating our extensive experience of access control are now a major player in the supply and installation of turnstiles.

EA Group aim to encompass the future requirements of an industry

About Us

EA Group (UK) Limited was developed to provide a comprehensive installation and support service within the entrance systems, access control and security market. Over 27 years on, we remain committed to develop new business streams compatible with the EA Group philosophy of providing a progressive attitude to new technology, service delivery and meeting the needs of our customers and staff, with a flexible and workable approach.

EA Group Uk Limited is a part of the Electro Automation group of companies, a leading installer of entrance solutions and electronic security systems. Visit www.ea-group.co.uk for more information.

EA Group specialises in the design, supply, installation and total support of automatic doors, turnstiles, electronic security and traffic barrier systems. EA Group is a market leader and are proud of an impressive track record in completing projects that have met customer requirements in the most cost effective manner.

EA Group employs a highly-capable and experienced management team who are supported by specialists, covering all relevant engineering disciplines, to provide customised entrance and security systems to meet each clients unique requirements.

Contracts undertaken cover a broad sweep of electronic security systems from door entrance solutions and turnstiles to access control and CCTV systems, and from high security portal doors to automatic gates and barriers, the company has completed projects on time and to budget.

Corporate Social Responsibility

The Company is very aware of its responsibilities to itself, as well as those to others, acknowledging how we may impact upon the communities and the environment in which we operate.

Our core values encapsulate our business philosophy. We are an ethical business conducted with integrity, independent, with a passion for the business, our employees and the wider community.

Trust, honesty and integrity are paramount to our business. In turn these core values are cascaded into our approach to Corporate and Social Responsibility, reflecting our commitment to encourage our colleagues to combine local ambition with community objectives and environmental awareness.

The company defines Corporate Social Responsibility as follows:

- we always aim to conduct business in a socially responsible and ethical manner;
- the environment as well as the safety of people enjoys our highest priority;
- our company fully supports the existing human rights;
- we are keen to support and interact with the communities in which we work.

EA Group is committed to the following CSR principles:

- We will manage our business with pride and integrity.
- We will make participative decisions and engage with employees, customers and consumers wherever possible.
- We aim to provide a safe, fulfilling and rewarding career for all of our employees.

The Company guarantees that all issues concerning Corporate Social Responsibility are supported in our day-to-day business activities and administrative matters.

The company commits itself to being recognised as an organisation understanding and protecting Corporate Social Responsibility, and believes that in doing so considerable value will be added for its staff and clients alike. This policy relates to all activities dealt with by or on behalf of the company.

The company's employees (irrespective of the type of contract in effect between the Company and themselves) wholly embrace the considerations of Corporate Social Responsibility outlined in this policy. The company's management team leads by example in this regard, as it continuously integrates those concerns into its daily business routine.

The management team members make certain that proper organisational structures exist to identify, follow and manage Corporate Social Responsibility matters and performance.

This policy is reflected in the following areas, which reflect existing and emerging standards of Corporate Social Responsibility:

Business Ethics and Transparency

The company is dedicated to maintaining high standards of integrity and corporate governance practices enabling it to continue the excellence in our operations, and to advance confidence in our management systems. The company will carry out its business in an honest and ethical way identifying the importance of protecting all of its assets be they financial, physical, environmental or social.

Environmental Health and Safety

The company is dedicated to protect the health and safety of all people who come in to contact with its services including employees, contractors and the general public. We will not compromise the health and safety of any person and we will ensure as far as is reasonably practicable a safe and healthy workplace.

The company will strive to advance responsible environmental practices and continue to improve. All the company's employees are responsible for helping to work in a safe workplace and for operating in an environmentally accountable manner.

ISO14001

In July 2008 following an assessment by an independent body, EA Group (UK) Limited was awarded ISO 14001 certification. At the time this certification had only been achieved by less than 1% of UK businesses and demonstrates EA Group's forward vision in setting the standard in our industry for Environmental responsibility.

Product Range

Supporting a wide range of products, systems and services, EA Group (UK) Limited is a recognised leader in providing automatic and manual revolving doors, sliding doors, steel security door systems, turnstiles, access control, intercoms, CCTV, automatic gates, barriers and bollards and pay on foot parking systems.

automatic and manual revolving doors

EA Group has a commitment to quality, precision and innovation that makes the company's products a first choice among architects, specifiers, and designers in the commercial building sector. We offer an extensive range of automatic, semi-automatic and manual revolving doors that will compliment any building new or old

sliding doors

EA Group offer a choice of curved sliding door solutions and conventional straight sliding door operators for most commercial entrances. Curved Sliding Doors offer an impressive aesthetic appeal as an entrance solution in addition to providing disabled access

speed gates

Speed gates offer an elegant reliable method to control visitors and ensure only authorised users are allowed access to particular areas of a building, and we have a solution that can work in all spaces. Our Speed Gates can all be controlled using all forms of access control and can be integrated to a fire alarm system

turnstiles

An extremely durable access control turnstile, providing high traffic flow and reliability make it an ideal solution where a more utilitarian product is required. Our turnstiles range from simple glass swing gate solutions to full height rotary glass turnstiles

access control

For over 30 years, EA Group have specialised in providing excellence in business and commercial access control and we know we can help you make the right choice. Being independent, we can offer you advice to ensure that you choose the right access control system that will meet all of your requirements

intercom systems

We offer a comprehensive range of Intercom system solutions of which we can supply, install and support. Depending on the application, we can offer either an Intercom, a keypad or both integrated as a single unit and part of an access control solution from our supply partners

CCTV

EA Group has an established reputation as an expert installer and service provider for CCTV systems and are Samsung Techwin Silver partners. We have built an enviable position within the industry as a specialised company with the nationwide resources to offer a full and comprehensive CCTV design, supply, installation, service support and maintenance solution

automatic gates

All EA Group gates are bespoke and manufactured to suit our client's requirements. We are the UK leader in Automatic Gate Design, Installation, & Customer Service and have over 30 years experience for quality installations.

security barriers and bollards

Our security traffic barrier and bollard solutions are designed for the control and protection of public or private roads to vehicular traffic, permitting only authorised vehicle access by opening or closing a traffic barrier or retracting the bollard or bollards into the ground

security revolving doors

Some buildings or facilities have requirements that they are only accessible by authorised users, and any unauthorised access attempts are automatically disallowed.

Our security revolving doors are the automated door solution for data centres, gym's, fitness centres, banks & jewelers or indeed any secure area.

Service and Support

EA Group (UK) Limited are service and support specialists and we pride our business on our un-rivalled level of commitment to our customers.

When we sell a product or system, we will offer you a choice of service and maintenance agreements that will suit your needs and give you the support and comfort of knowing that our expertise is always available.

We recognise that the products and systems that we install are crucial to the wellbeing, safety and security of your premises and people. Our fast response times in the event of a breakdown are therefore essential.

Regardless of how good any equipment is, mechanical or electrical failure can never be ruled out. The lifetime of your equipment will generally be greatly extended with the small investment of a maintenance programme saving you downtime and costs in the long run.

01 Service

EA Group (UK) are setting the standards and leading the industry with full service support for all types of turnstiles, access control, CCTV, intercoms, automatic gates, entrance door solutions and pay-on-foot parking systems.

02 Support

Our support centre is manned 24 hours a day 365 days a year. This is coupled with our onsite 24 hour 365 days a year service and call-out support, which is the least our contracted customers expect, so that's what we provide.

03 Maintenance

At EA Group (UK) we recognise that each and every customer is an individual with specific needs. We strive to ensure that we meet the exacting needs of each of our clients.

Maintenance Contracts are tailored to each and every site to ensure that you achieve the best level of support and service on offer to you.

Quality Assurance

EA Group UK Limited is an ISO 9001 quality accredited company.

An internationally recognised standard for management of a business's systems and the standard that provides us with a framework for managing and improving our company quality system using a process approach

Being an ISO 9001 accredited company, the standard ensures that our quality systems and procedures that we have in place will remain consistent, and continuously improves our commitment to customer service.

Our commitment to quality and providing the highest level of service to our customers has been the ethos of our business from day one.

Our company is committed to total quality in everything that we do. It is our policy to continually improve our expertise and skills in delivering automatic entrances, security systems and parking management solutions that satisfy our customers' needs and that cultivate customer loyalty. We achieve this by focusing our high standards on the following objectives:

- ensuring every employee is committed to meeting customers' requirements
- actively listening to our customers and taking action where appropriate
- achieving "best practice" across all activities that meet both business and customer needs.
- developing employee skills to meet the challenges of a constantly changing industry through personal development and the implementation of effective training.
- continuous improvement of what we do.
- regular measurement and review of objectives to ensure they continue to meet business needs and policy & strategy

- developing employee skills to meet the challenges of a constantly changing industry through personal development and the implementation of effective training.
- continuous improvement of what we do.
- regular measurement and review of objectives to ensure they continue to meet business needs and policy & strategy

ISO9001

The standard is based around the principles of customer satisfaction, continual improvement and the development of a process based quality management system.

ISO14001

In July 2008 following an assessment by an independent body, EA Group (UK) Limited has been awarded ISO 14001 certification. This certification has only been achieved by less than 1% of UK businesses and this prestigious award is supported by the Government and recognised world-wide.

ISO27001

ISO27001 is the new name for BS 7799. It is an internationally-recognised certificate for evaluating how an organisation securely manages its information and data. EA Group (UK) Ltd and EA Doors passed and were accredited with ISO 27001 by QMS after a multi-stage audit in March 2009 which rigorously evaluated all of our IT Systems, Data Handling and Security as part of a number of control objectives and accomplished control methods.

NSI NACOSS GOLD

EA-Group are an NSI NACOSS GOLD accredited company, demonstrating the highest achievable standard attainable within the UK in respect to the Design, Installation and maintenance of Electronic Security Systems in accordance with the requirements of: BS EN ISO 9001:2008 and audited by UKAS

NSI SSQS 101, NSI NCP 109, NSI NCP 104, PD 6662:2010 and BS 7858:2012

Constructionline

We have Constructionline accreditation, our membership number is: 125514

CHAS

EA Group have been audited and accredited with CHAS, the Contractors Health and Safety Assessment Scheme

ADSA (Automatic Door Suppliers Association)

ADSA was formed in 1985 for the purpose of ensuring that its member companies offered superior levels of safety in the supply, installation and maintenance of automatic doors.

Construction Skills (CSCS)

All of EA-Group's engineering staff are CSCS approved skilled contractors.

Health and Safety

Health & Safety Training

All site engineers on joining EA Group receive induction training; this covers the safety procedures put in place by the company for safe site working, an overview of current legislation, manual handling, asbestos awareness and the use of abrasive wheels.

Specialist training is also provided in the use of the construction of mobile access towers, first aid and driver training. Managers receive training in current legislation and the responsibilities placed on them by this legislation.

CSCS

All site operatives hold CSCS cards, all managers who are responsible for liaising with principle contractors and organising installation sites prior to operative's attendance hold CSCS cards. Project managers hold the SMSTS certification and all supervisory site engineers have attained the SSSTS certification.

Risks Assessments

Risks assessments are carried out to identify hazards to people working for, or affected by, the operations of the EA Group to identify hazards, their likely severity and the measures which the company will take for their control.

Where the company's operations are repetitive, for instance the installation of a particular piece of equipment at several sites then standard risk assessments will be developed. For larger, more complex sites or those where there are requirements for any on-site hazards to be considered, a site specific risk assessment will be prepared.

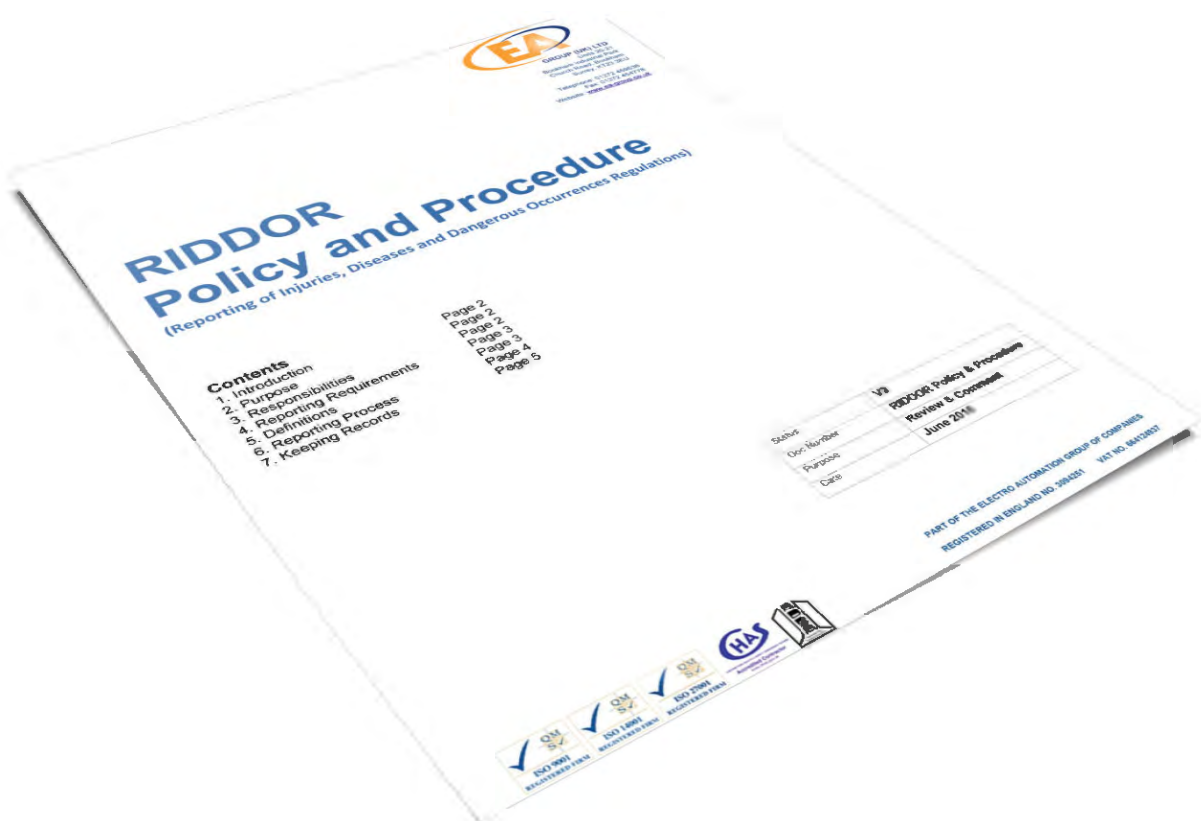

BS7036 / EN16005 (automatic pedestrian doors)

All site operatives who commission automatic door products are required to achieve authorised technician status.

RIDDOR

EA Group recognises that it has a statutory responsibility as an employer to report specified incidents in accordance with the Health & Safety at work Act 1974 and the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR).

We record all incidents no matter how minor and these are discussed and minuted at weekly management meetings for immediate actioning upon.

Statement of Intent

EA Group (UK) Limited was developed to provide a comprehensive installation and support service within the access control and security market. Over 20 years on, the company remains committed to develop new business streams compatible with the EA Group philosophy of providing a progressive attitude to new technology, service delivery and meeting the needs of our customers and staff, with a flexible and workable approach. To ensure that the company can deliver these objectives the safety of staff working for the company and end users is paramount.

In managing health and safety the company has the following objectives:

- Compliance with the Health and Safety at Work Act 1974 and subsequent Regulations and Approved Codes of Practice which affect the company's business activities.
- The provision and maintenance of safe workplaces without risks to health and with safe access to and from those places.
- To discharge the duties of a 'Responsible Person' under fire safety legislation
- The provision and maintenance of systems of work that are safe and without risks to safety or health.
- The provision of first aid and welfare facilities.
- The provision of such information, instruction, training and supervision as is necessary to promote the health and safety of its employees.
- The provision of such information, instruction and training to clients to ensure that they may operate products installed by the EA Group in safety.
- The effective management and coordination of contractors to encourage their compliance with safe working practices
- To achieve these objectives the company will ensure that adequate resources both financial and organisational are made available.

Environmental Policy Statement

EA GROUP (UK) LIMITED **Environmental Strategy**

EA Group (UK) Limited supports environmental management and recognises that small businesses can contribute to appropriate environmental schemes very effectively. We aim to follow the Governments Environment and Greener Living policy frameworks for recycling and waste management. **EA Group (UK) Limited** have only a very small office presence and our people typically work mainly on client sites that already adhere to environmental policies. **EA Group (UK) Limited** achieved ISO 14001 in **July 2008**.

Environmental Policy Statement

EA Group (UK) Limited is committed to managing actively all environmental aspects that it can realistically influence and control in all parts of its business. These environmental aspects are periodically reviewed to optimise performance. We aim to:

- Reduce the amount of waste it produces
- Make the best use of waste that is produced
- Choose waste management practices that minimise the risks of immediate and future environmental pollution and harm to human health.

Environmental awareness is communicated to all **EA Group (UK) Limited** employees, through the Organisation's processes and office operations. Our Environmental Management System has two main components:

- **EA Group (UK) Limited** Internal Operations
- **EA Group (UK) Limited** Site Operations

EA Group (UK) Limited Internal Operations

EA Group (UK) Limited office operations are managed to minimise environmental impact where possible. Energy consumption and the use of consumables are monitored. We aim to minimise pollution and waste and to recycle wherever possible, including packaging, paper and printer cartridges. These activities are promoted to office workers and visitors by "switch-off" posters and the presence of recycling bins.

As part of our annual business review processes, our office operations are also reviewed so that we can continuously improve our environmental performance and maintain alignment with our key clients.

EA Group (UK) Limited encourages travel by public transport wherever practicable, thus minimising the need for use of transport facilities. Any necessary business travel is always undertaken in line with our clients' policies to avoid unnecessary adverse environmental impacts.

Any environmental aspects of the work and the proposed solutions are included as part of our final client satisfaction survey and any final report we may produce.

Equal Opportunities

Equal Opportunities

Views on Equal Opportunities

EA Group believes that the pursuit of equality of opportunity is fundamental to the achievement of the Mission Statement. This is central to the provision of an environment in which those who work at EA Group can achieve their full potential.

Pursuit of equality of opportunity means that all forms of unfair discrimination will be challenged in whatever way they arise. EA Group is committed to the view that unfair discrimination can arise across the whole spectrum of its activities, in staff recruitment, selection, promotion, dismissal, rewards, resources etc.

Equality of opportunity can be threatened by the use of language, gesture and other forms of symbolic behavior. EA Group wishes to ensure that an environment free from harassment and unfair discrimination is created, in which individual potential can be fostered and encouraged, so that staff can act with confidence and competence with open and critical minds.

Equal Opportunities Policy Statement

The Equal Opportunities Policy Statement is derived from the Mission Statement and associated aims. See Section, Policy Statement, Page 13.

The Equal Opportunities Policy is as follows:

- EA Group will pursue not only the letter of the law but also the spirit of the law in relation to disability, race, colour, ethnic/national origin, sexuality, gender, marital status, age, or religion;
- all employees are responsible for ensuring that their actions are carried out in the spirit of the policy and, under the provisions of the law, may be personally accountable should any complaint arise;
- all line managers are responsible for ensuring the integrity of decisions within their remit in relation to equal opportunities;
- all those involved in selection and recruitment of staff will be required to undertake appropriate equal opportunities training courses;
- all those involved in development, delivery and review will be responsible for ensuring that equal opportunities issues are addressed in relation to those processes;
- EA Group published material will reflect this policy statement;
- EA Group will promote, plan, manage and monitor equal opportunities and, in particular, will monitor race, gender and disability in relation to its staff profiles. Appropriate positive action will be taken to ensure an equitable gender balance and appropriate representation of minority ethnic groups and people with disability;
- persons not employed by EA Group but who are affected by EA Group activities, such as visitors or contractors, are expected to operate within the spirit of this policy.
